*“Public Administration Covering the Provision of Irrigation Services through the Development, Construction, Operation, and Maintenance of Irrigation Systems.”*

Your ISO 9001:2015 Certificate is valid for three years until 09 February 2023, subject to satisfactory results of annual surveillance audits. Please see attached surveillance audit schedule.

As a certified organization, you are required to maintain your Quality Management System and to comply with CI's Conditions of Certification, including the use of CI's Certificate of Registration and Certification Mark in accordance with CI Regulations Part 4 and Part 5 (copy enclosed).

The validation of the consistent implementation and effectiveness of your improvement actions on the non-conformities cited during the Stage 2 audit will be carried out on the first surveillance audit.

Congratulations on your accomplishments with the use of ISO 9001:2015 as an instrument for enhancing the competitiveness of your organization and for meeting your stakeholders' needs and expectations. We look forward to a strong partnership that will maximize your organization's benefits from its certified Quality Management System.
